

AUGUST 2012 NEWSLETTER

We have had a very eventful season so far, and still have so much more to come! We have made the local news three times and have been in the papers several times.

- As a Community we are always there to help out our neighbors and sponsor events. This year we hosted Gloucester County's kick off to Summer Safety event run by the Gloucester County Prosecutors Office and we also once again hosted National Night Out as a cooperative effort with the Washington Township Police Department.
- As a swim club we watched our FROGS win the Tri-County "C" Division Championship and watched former frogs, Brendan McHugh, Bill Cregar and Michael Joyce compete for a spot in the Olympics at the nationally televised time trials held in Omaha Nebraska. I want to congratulate our Frogs for another outstanding season and thank everyone that helped to make Peach Bowl a success.
- And as Greenwood Park Bells Lake Community Club, we the members have christened our new pool, celebrated in our history, made lasting memories with old friends and welcomed our new ones.
- Keep your eye on our website and the bulletin boards for upcoming events. We have a DJ and a Saint Patrick's Day Party scheduled in August and a band "Dom Pablo and the Flying Burritos" scheduled for Labor Day weekend along with the usual end of summer events!
